

EXECUTIVE BOARD

The IACP Executive Board presided over the 124th IACP Annual Conference and Exposition in Philadelphia, Pennsylvania, with 15,806 attendees. Throughout the conference, the members of the board attended committee, section, and division meetings to discuss issues with members and law enforcement leaders from around the world. Representatives from 76 countries attended IACP 2017.

The IACP Past Presidents' participation is a vital part of the conference. Their years of leadership experience guide our current leadership and planners in creating the best possible conference experience for our attendees.
